PROFESSIONAL SUMMARY

Data Analytics graduate with experience spanning data visualization and reporting, technical operations, and digital solutions consulting. Hands-on with Python, SQL, Excel, Power BI, data validation, dashboarding, and web technologies, backed by progressive leadership and cross-functional coordination experience. Seeking Data Analyst opportunities where analytical thinking and clear communication can turn data into practical decisions.

TECHNICAL SKILLS

Data & Analytics: Python, SQL, Excel, Power BI, Pandas, NumPy, Scikit-learn, Matplotlib, Tableau, Streamlit

Tools & Platforms: Jupyter Notebook, GitHub, SvelteKit, RStudio, SAS Studio, SAS Enterprise

Core Capabilities: Data Cleaning, Data Validation, EDA, Dashboarding, Reporting, Technical Support, Stakeholder Communication

PROFESSIONAL EXPERIENCE

Digital Solutions & Technology Consultant | Pearl Island LLC | Oman - Remote *Aug 2026 - Present*
Freelance

- Design and develop modern, responsive corporate websites aligned with company branding and business objectives.
- Support the development and management of Pearl Island's digital presence and online infrastructure.
- Develop branding concepts, colour systems, visual assets, and digital design direction for company projects; support affiliated business projects and deployment workflows.

Data Visualization & Reporting Intern | Asia Pacific University *Jun 2025 - Sep 2025*

- Extracted and prepared data from internal systems, supporting visualization and reporting for internal teams.
- Prepared and maintained dashboards for actionable insights, performance monitoring, and operational transparency.
- Validated data accuracy and consistency across multiple sources to support reliable reporting.

Technical Assistant | Asia Pacific University *Mar 2023 - May 2026*

- Supported and maintained IT infrastructure across classrooms, auditoriums, and computer labs.
- Resolved user queries and software issues through helpdesk-style troubleshooting, and provided technical support for campus events.
- Mentored new Technical Assistant trainees and supported day-to-day operational coordination.

IT Intern | Asia Pacific University *May 2024 - Jun 2024*

- Handled helpdesk queries and software troubleshooting, supported new workstation deployments in computer labs, and assisted with server maintenance.

SELECTED PROJECTS

Student Dropout Risk Prediction | Python | Scikit-learn | Pandas | Streamlit | [Project Link](#)

- Built a machine-learning-based predictive analytics project to identify student withdrawal risk using academic and demographic indicators, with a deployed Streamlit dashboard for interactive exploration.

Foodbasket Analytics | Python | Excel | EDA | Dashboarding | [Project Link](#)

- Analysing food affordability and cost-of-living pressure through basket-level pricing, category contribution, and dashboard-based insights.

TransitPulse Klang Valley | Python | Open Data | Geospatial | Dashboarding | [Project Link](#)

- Exploring Klang Valley transit accessibility, service reliability, and mobility patterns using open data and dashboard-ready analytics.

LEADERSHIP EXPERIENCE

Lab Chief | Technical Assistant Team, APU Jan 2026 - May 2026

- Managed hierarchy-level operations, task and resource allocation, and communication between Technology Services staff and Technical Assistants.

TA Secretary | Technical Assistant Team, APU Feb 2025 - Jan 2026

- Coordinated administrative workflows, documentation, internal communication, and follow-up across the Technical Assistant team.

Head of HR | Technical Assistant Team, APU May 2024 - Feb 2025

- Led HR activities including recruitment planning, manpower allocation, team coordination, and SOP-driven operational standards.

President | APU Indian Student Association Oct 2024 - Oct 2025

- Led the association, represented the student community, and coordinated committee responsibilities, events, and stakeholder communication.

Vice Chair | IEEE APU Student Branch 2022 - 2023

- Supported committee planning, student branch activities, technical-community engagement, and event initiatives.

EDUCATION

BSc (Hons) Data Analytics | Asia Pacific University of Technology & Innovation Jul 2024 - Jun 2026

- CGPA: 3.10 / 4.00

Diploma in Information & Communication Technology (Data Informatics) | Asia Pacific University of Technology & Innovation Apr 2022 - Jun 2024

- CGPA: 3.73 / 4.00

LANGUAGES

English | Telugu | Hindi
